

HYDRAULIC PLATFORM

32m Hydraulic Platform

Specifications

Chassis

Type Iveco Eurocargo ML180E28

Engine Output 280 Horsepower

Transmission Allison 3000 Series

Wheels

Driving and crew compartment

Crew Driver + 1 Passenger

Cab Iveco OEM 2 door single cab

Fully air conditioned

Vehicle body

Marcé all aluminium extrusion and bended plate body welded for added strength and durability

Six lateral body compartments with acces step to working deck

Control System

Type Marcé pump control system

Fire fighting system

Centrifugal pump 4000l/min @ 10 bar NP

Marcé Mamba 3 Electronic Monitor

Hydraulic Platform - PrEN 1777

32m Articulated platform with fitted rescue ladder

H- Type Outriggers

Cage capacity 300 kg

One inlet to waterway at rear with automatic pressure relief valve

Watercurtain protection under cage

Pump discharges

Two normal pressure rear facing manual discharge outlets

One telescopic waterway with discharge in cage

One discharge to deck monitor

HYDRAULIC PLATFORM

32m Hydraulic Platform

Lighting

LED ground lights under vehicle

Two LED locker lights in each locker

Emergency lighting and siren system

Red LED rotators on roof

Red LED flashers on vehicle

100w Public address and siren system

Ancillary equipment and fixtures

Marcé fire fighting tools and equipment

Vehicle dimensions

Wheelbase 4815 mm

Length 9750 mm

Height 3630 mm

Width 6000 mm with outriggers fully extended
